## **I MISS**

I miss doing things with you...

I miss eating with you

I miss disagreeing with you

I miss sitting with you

I miss looking at you

I miss going places with you...

I miss seeing movies with you

I miss eating out with you

I miss walking with you

I miss weekends with you

I miss loving you...

I miss feeling your warmth

I miss kissing you

I miss making love to you

I miss the passion and fire

I missed them without ever knowing

Until now

Time heals all wounds

I miss will be no more.

**I DREAM OF...**

I dream of you  
at night and in day

I dream of looking at you from head to toe again  
I dream of holding you tightly in my arms again  
I dream of walking hand-in-hand with you again  
I dream of rubbing your back and tummy again

I dream of hearing your voice say sweet things to me  
I dream of tasting your luscious tongue  
I dream of kissing your tender fingers  
I dream of feeling your smooth thighs and legs

oh I lay down and dream  
oh I sit down and day dream  
I dream only of you  
if I can only have you in my dreams...  
then let me dream forever.

## JUST A TASTE

It was just a taste,  
that I asked for,  
**a small little taste.**

A taste of something so desirable.  
A taste of something so unique.  
**A taste of something sweet.**

A delicious taste.  
A luscious taste.  
**A passionate taste.**

It was just a little taste,  
but it had all the love behind it,  
**True love.**

I just asked for a taste...  
Soon I'll want a meal...  
**A big meal.**

**PAL OF MINE**

Oh pal of mine  
We share our memories

Oh pal of mine  
We share our miseries

Oh pal of mine  
We share our laughter

Oh pal of mine  
We share our struggles

Oh pal of mine  
We share our friendship

Oh pal of mine  
We share our pains

Oh pal of mine  
We share our joys

Oh pal of mine  
We share our love

Oh pal of mine  
We share our lives

Oh pal of mine  
We are forever.

**ON ONLY ONE**

My sun shines  
    On all who smiles  
My moon rises  
    On all who sees  
My heart beats  
    On only one.

My hand shakes  
    On all who care  
My ears listen  
    On all who speaks  
My touch feels  
    On only one.

My eyes stare  
    On all who come  
My tongue tastes  
    On all who cooks  
My love nourishes  
    On only one.

My feelings,  
    My thoughts,  
        My life,  
            On only one.

**SATISFACTION GUARANTEED**

I can not fly like a bird  
Nor soar like an eagle  
But I can make you feel high.  
Guaranteed.

I can not swim like a fish  
Nor wade like a duck  
But I can glide you through rough waters.  
Guaranteed.

I can not sing like a canary  
Nor harmonize like the crickets  
But I can listen to all your thoughts.  
Guaranteed.

I can not be all things  
At all times  
But our friendship makes it all possible.  
Guaranteed.

Only my whispers and my touch  
Can reach your inner self  
Only the care and promise  
Can be forever.  
Satisfaction guaranteed.

Only my words and feelings convey  
The way I can be  
Only with all my heart  
Can I give you love.  
Satisfaction guaranteed.

## **NOT JUST ANOTHER MOTHER**

What makes a mother?

A child.

What makes a good mother?

A well rounded child.

What makes a special mother?

A child's love.

But, when you're a friend and companion...

When you're a ear to listen...

When you're a heart filled with love...

You are...

Not just another mother

You are really something extra special.

## **A QUALITIVE SEARCH**

As I lift my head up  
Above the clouds  
Away from the storm  
My mind opens up  
To a heart  
Still searching...

Searching for strength and wisdom  
Sensitivity and warmth  
Playfulness and sexiness  
Demanding and caressing  
Gentleness and kindness  
Charm and silliness...

Whom forever has these  
Qualities please step  
Forward to my open arms  
I await your arrival  
Into my existence to  
Fill my heart and soul...

*©1993 July RAB*

**VIRTUAL REALITY**

If you were the horizon,  
I would be your sunset.  
If you were a cloud,  
I would be your raindrops.  
If you were a tree,  
I would be your roots.  
If you were a feather,  
I would be your breeze.  
If you were an ocean,  
I would be your island.  
If you were fire,  
I would be your heat.  
If you were a heart,  
I would be your rhythm.  
If you were my everything,  
I would be yours forever.

## THE SURVIVAL KIT

The friendship that sets  
No limits and expectations  
Throughout the years  
Will be true everlasting

The dream that moves  
Through various stages of life  
With nightmares and ecstasy  
Will last forever

The heart which holds  
A deep passion for one  
And beats unconditionally  
Will pound eternally

A love that comes along  
Without solicitation or restrictions  
Is the one that  
Will always last

The two who find all four  
Will eventually have  
All the love to  
Survive all obstacles

## **FOR A CHANGE**

Just once, can't the nice guys finish first  
And can't there be a silver lining without a dark cloud.

Can't it be bright before the dawn  
And can't there be gain without pain.

Couldn't there be an anti-murphy law,  
anything that can go right will go right  
And couldn't it be the calm before more calm.

Why not learn the easy way  
Why not expect the right thing.

Live happy, love happy, care happy and be worry free.  
Wouldn't that be nice for a change.  
I think we all deserve it!

## WHO IS SHE?

She begins as an idea  
And slowly grows to a reality.

She arrives with a smile  
And naked as a jay bird.

She learns to walk and talk  
And soon she can explore her world.

She learns about life skills  
And knowledge becomes part of her life.

She learns about friendship  
And trust and caring fully develop.

She learns about love  
And ecstasy and passion arrive.

She becomes a strong woman  
And takes charge of her own life.

She is the light which shines  
The hope that lives.

She is the woman all men dream of...

## THE SHINING

THE LIGHT DOES SHINE  
UPON A DARK FIGURE.  
THE FIGURE IS EBONY  
THE FIGURE IS BLACK AND SLEEK.

THE MOON DOES SHINE  
UPON A SHAPELY FIGURE.  
THE FIGURE IS SENSUAL  
THE FIGURE IS ELEGANT AND GRACEFUL.

THE SUN DOES SHINE  
UPON A LUSCIOUS FIGURE.  
THE FIGURE IS TALL  
THE FIGURE IS SLENDER AND STRONG.

THE STAR DOES SHINE  
UPON A SEXUALLY FIGURE.  
THE FIGURE IS VIVACIOUS  
THE FIGURE IS EXCITING AND EROTIC.

THE ELEMENTS ALL SHINE ON YOU.

**IN FULL BLOOM**

When the sky is high and blue  
When the ocean is crystal clear

When the rivers flow to the seas  
When the mountains reach their peaks

**All Will Be In Full Bloom**

When the birds sing their tunes  
When the flowers spring to life

When the grass bends in the wind  
When the trees stand tall with pride

**All Will Be In Full Bloom**

When the heart skips a beat  
When the passions flame the heat

When the desires overcome us  
When the ecstasy has become us

**All Will Be In Full Bloom**

*©1996 April RAB*

**IT JUST HAPPENS TO BE**

It just happens to be  
That the world spins and the sun shines

It just happens to be  
That the rivers flow and the birds flies

It just happens to be  
That children play and adults work

It just happens to be  
That love grows and hate dies

It just happens to be  
That friends last and lovers survive

It just happens to be  
That lust craves and passion lives

It just happens to be  
It just happens to me  
It just happens to you

It just happens...
