A LITTLE NOTE

I'm dropping this note
Just to say,
How much I'm missing you
Night and day.

How long I wait
To feel your touch,
How long I wait
To hold you much.

The thought of
Your sweet gently kisses,
Just makes me go on
With a lot more misses.

When I dream of your smile
I hear your voice too,
It reminds me each moment
Of the wonderful you.

Then I look into your eyes
And all that I see,
Is the time when you and I
Shall finally be WE.

A SAD TALE FOR A HAPPY STORY

I sing out loud
But I am rarely heard
I want so much to care
But I receive little chance.
I want to be close
But I seem so far away
I need to hold
But distance stands in the way
I want something lasting
But nothing has begun
One step forward
And always two steps back.

I'm a sad tale
For a happy story
And one day
I shall be known,
As what I am
For who I am
For love
Forevermore!

“THE AQUARIAN PROPOSAL”

One day the heart skips a beat and the butterflies refuse to the stomach. That's when he knew it as time.

Time to talk from the heart instead of the mind. Time to say words that mean so much, yet for words, are very small. Big on meaning, little in letters.

He sat down quietly next to her and smiled. He then gently took her hand and squeezed it softly. Just when he was about to speak, he stopped, thought and smiled.

It was hard to put his feelings into a few simple words. School had not prepared him for this. Work had not prepared him for this. Even his family could not have prepared him for this. It came and that was all there was to it. If it was a success, he would be happy for life, if it wasn't he would have to wait until he was hit again.

He explained how he might be strange and not like ordinary people. He had ideas, thoughts and feelings that were sometimes even strange to him. People always needed each other and he wanted her more than anything else in the world. After all, he was Aquarius and she was Aries, Aquarius and Aries, two A's, fire and air. Air fans fire and makes it brighter, and he certainly wanted to brighten her days. Fire warms up cool air, and she had certainly heated his heart. It was a perfect match.

He looked into her eyes and...finally spoke. He spoke of the good times they've had. He spoke of the first time they met. It seem funny looking back, but a pleasant funny, as they both laughed.

He then mentioned how life can be hard at times but we must continue living. He said that they would have their share of disagreements in the future, but together they would resolve them by listening and talking to each other.

He said it would mean a change in lifestyles and in responsibilities. Responsibilities to each other. He quickly smiled and continued, it would mean giving, taking, and mutual understanding.

He recited, "I look at you and I see my world. In your eyes I see a sparkle that shines brighter than all other stars. Holding you and kissing you takes me to worlds meant only for you and I. I feel it every time I see you, I feel it every time I talk to you, I feel it every time I'm near you. It is a feeling I want to feel forever."

He continued and said how much affection and respect he had for her. How he admired her and cared for a great deal for her. How beautiful and lovely she was to him. He then fumbled through words he himself could not understand, but he knew. He explained again how difficult it seemed to express himself. He smiled and said it was something he doesn't say everyday nor to anyone. She told him she had already figured that one out and they both laughed. She wasn't going to make it easy for him though, he had to say it. He either would say it or someone else would say it later and a new search would have to begin.

After a moment he uttered the words that were in his mouth from the moment he saw her that day.

Simple? Yes, so simple yet so hard.

He didn't have to get down on one knee; he didn't need a candlelit dinner, nor moonlight. He needed only three things, well actually four things; himself, the will, the commitment and of course the answer.

Now he had three, and presented them. The fourth would becoming.

Miss. Aries, I Love You. Will you marry me? The fourth necessity was now in her hands.

ONE LOVELY SONG

One lovely song I want to sing
Happy times I wish to bring.

One small poem I want to write
Many dreams with you in sight.

One short story I want to tell
Many ideas that sound so well.

One soft hand I want to hold
Many smiles so bright and bold.

One smooth tender body I want to embrace
Many sweet kisses I wish to taste.

One true love is all I need
Many beautiful flowers not a single weed

One lifetime partner to be at my side
Many experiences for us both to ride.

One special lady I want to be mine
For now and for always, 'till the end of time.

ALWAYS THERE

The mind is always there,
The dream is always there,
The hope is always there
Just as water and the air.

The understanding is always there,
The wait is always there,
The time is always there
For both of us to share.

The heart is always there,
The feeling is always there,
The thought is always there
With many things to hear.

The touch is always there,
The softness is always there,
The hug is always there
To chase away your fears.

The affection is always there,
The devotion is always there
For it's all so sweet my dear...

I care, I care, I care!

THE WINKING HEART

The winking heart fluttered into the world
With sparkling brown eyes
He gave a smile and then a wink
To everyone's surprise.
And then he looked around this earth
At all the people's frown
Until he spotted one fair lady
Amongst the huge old crowd.
This lady had soft tender skin
And a smile for all to see
Her eyes were sparkling just like his
He laughed a delightful glee.
His body swelled up full of life
And he turned a luscious red
One expected another wink
But he kissed the lass instead.
The kiss was sweet and delicious
And the heart began to pound
He stepped back and looked at her
Without one single sound.
One was expecting more than from his heart
But for now he said he's through
He smiled and winked and said to her
Here's winking at you!

i wanna a hugga

a look means one thing
so does a kiss on the mug
but if you ask me for the best thing
i'll say it's a hug

a hug has warmth
a hug has feelings
a hug shows patience
a hug shows caring

it means i like you
it means i love you
it means i've though about you
it means i miss you

it more than a smile
it's more than a kiss
it's so many things
yet it's much more than this

it's free of charge
and it's yours for keeps
it never a minus anything
it adds in leaps

so whenever i'm near you
and you know a see ya
there's that thought in my head
i wanna a big hugga

ALL I SEE...

The sun rises to start the day
As time continues on it's merry way.
AND ALL I SEE IS YOU.

Breakfast is served on the morning table
People eat as they read news and labels.
AND ALL I SEE IS YOU.

The work of some now begins
It will continue until the very end.
AND ALL I SEE IS YOU.

Green, yellow, red go flash
Assorted colors all go past.
AND ALL I SEE IS YOU.

A train roars on by
The planes all gracefully fly.
AND ALL I SEE IS YOU.

I See Your Shining Beauty
I See Your Loving Smile
I See The Days Of You And Me
Forever And All Time.

Noon time is near
Which means lunch time is here.
AND ALL I SEE IS YOU.

Some babies start to cry
Yet no one knows why.
AND ALL I SEE IS YOU.

The children all play
In their make-believe way.
AND ALL I SEE IS YOU.

I See Your Shining Beauty
I See Your Loving Smile,
I See The Days Of You And Me
Forever And All Time.

The seasons all past
The weather just lasts.
AND ALL I SEE IS YOU.

The autumn will begin
While the spring starts to sing.
AND ALL I SEE IS YOU.

The winter brings it's snow
The summer has it's glow.
AND ALL I SEE IS YOU.

I See Your Shining Beauty
I See Your Loving Smile,
I See The Days Of You And Me
Forever And All Time.

The evening comes rolling in
Dinner can now begin.
AND ALL I SEE IS YOU.

The VCR plays a movie
The turntable turns out a goodie.
AND ALL I SEE IS YOU.

Computers click out their data
The video games move faster and faster.
AND ALL I SEE IS YOU.

Televisions are on to see
A game to play or a book to read.
AND ALL I SEE IS YOU.

I See Your Shining Beauty
I See Your Loving Smile,
I See The Days Of You And Me
Forever And All Time.

Night time has fallen
Sleep will now beckon.
AND ALL I SEE IS YOU.

The stars shine bright
While the moon gives light.
AND ALL I SEE IS YOU.

Dreams are forever
Nightmares are never.
AND ALL I SEE IS YOU.

All is quiet and calm
While one tiny candle slowly burns.
AND ALL I SEE IS YOU.

I See Your Shining Beauty
I See You Loving Smile,
I See The Days Of You And Me
Forever And All Time

The day has ended.
AND ALL I SEE IS YOU.
The night has ended.
AND ALL I SEE IS YOU.

ALL I SEE IS YOU.

ALL I SEE.

And They Call This Love

Once in the mind of men there exists the woman of all his dreams. Once in the mind of many a women, there exists the man of all her dreams. If and when these two dreams meet there is no longer a dream, but a reality. And they call this **LOVE**.

If you can say I am sorry within your heart and forgive within your soul, then it is yours. If you can listen when you are tired as a dog, then it is yours. If you will be there with that shoulder to cry on and to lend a hand, then it is yours. And they call it **LOVE**.

It is something special. It is something personal. It is something to be shared. It is strength. It is courage. Family and friends receive it, but there is one that makes it worth more than anything else. And they call it **LOVE**.

Time can not stop it, but it can make it grow. Fears can deter it, but it is never destroyed. Distance may separate it, but it pulls people closer. It lasts forever and then some. And they call it **LOVE**.

There are many words used : care, concern, respect, tenderness, kindness, cooperation, understanding, admiration, sharing, listening, devotion, gentleness, cherish. And they call it **LOVE**.

It can come out of friendship. It can come at first sight. Once it is here it starts growing and growing into the most beautiful thing ever. And they call this **LOVE**.

That look in one's eye. That look when eyes meet. That smile. That laugh. That gentle touch. That tender kiss. That tight hug. That warm feeling. And they call this **LOVE**.

This is what I feel for you. This is how I think about you. Describe it? I can not. It is there, and growing stronger day by day. Yesterday, today and tomorrow. Always and forever. And they call this **LOVE**.

ytt

yesterday, i adored you from afar.
i liked the way you smiled.
i imagined us together
i wondered
there you were, a vision for all my dreams.
i remember yesterday.

today, i hold your hand.
i kiss you gently
i think of you always.
the times with you are special.
i love you.
i live today.

tomorrow,.... i will love you even more than today.
the touches will be warmer
the kisses will be sweeter.
i will be there for you always.
we will be together, forever.
i look forward to tomorrow.

Teddy Bears, Roses, Hearts and You

The teddy bear, so soft and cuddly, I give to you to hold and think of me.

The rose I give represents the sweetness that is you.

The heart is my own and represents the love I have for that keeps growing everyday.

All These Things And More

As sweet as a rose
as warm as the sun
as gently as a breeze
as lovely as the sunset
as soft as a cherry moon
All these things and more...

The taste is sweet
the eyes are warm
the touch is gently
the look is lovely
the kiss is soft
All these things and more...are you

A dream
a time
a life
a love
a passion
All these things and more...for you

WORDS FOR THOUGHT

*The almighty pen
The moving speech
Both with the words for expression
Any words?*

***peace** : freedom from war and conflict
and what we need*

***happiness** : glad and content
and all I want for you*

***caring** : having a fondness for
and for you I have it all*

***understanding** : knowing the significance of
and you are significant to me*

***respect** : honor and consideration
and to you I give the highest possible*

***devotion** : dedication
and all for you forever*

***hug** : embrace
and yours are always welcome*

***kiss** : touch gently the lips with affection
and yours are always sweet*

***affection** : loving
and mine is great for you*

***caress** : a loving touch
and yours will forever be on my mind*

***passion** : intense emotion
and mine grows with every passing day*

***love** : all of the above
and my heart for only you*

*But without feelings words are but letters
With feelings there are words for thought
And the strongest three words around
Is what I give to you*

I Love You

Now those are words for thought!

MY HEART IS YOURS

Roses are sweet
But not sweeter than your lips.

Wine is fine
But none finer than you.

The stars shine
But none brighter than your smile.

The universe is infinite
But not as infinite as my love for you.

I look up at the bright full moon
And watch it's beauty shine.
I wish upon the lonely star
For only you and I.

I dream of all the good things
That past the test of time,
And all the things that will come true
If only you'll be mine.

“LIVE AND LOVE”

As the last days near
I think about all the things that were not done.
I think about all the things that could have been.
The good times never had,
The bad times never shared,
The love never given.

Yes, as I reflect all seems negative,
Yes, nothing was gained nor accomplished,
Yes, all things were not, could have been or should have been.
But the portion I hold in my heart is very different.
It is a memory that gives me strength to survive,
For without it I too would disappear.

It is about good times and fun times.
It is about sharing and caring.
It is about holding and confronting.
It is about being there when needed.
It is about giving when I have no more to give.
It is about love and understanding.
It is forever strong and never weak.

A life and a love lost are strong forces indeed,
An emotion of sadness and depression.
But they both leave the best part in the heart,
All one has to do is find it among the rubble.

It is the will to live and love again!

DID ANYONE EVER TELL YOU?

*Did anyone ever tell you
How beautiful you are?
So stunning and lovely
Just like a big bright star.*

*Did anyone ever tell you
That in any high full moon?
If you will be the pretty dish
I'll be your loving spoon.*

*Did anyone ever tell you
You do not need a clue?
For one thing that is certain
Is I'll always love you.*

*Did anyone ever tell you
How much you're really missed?
When you're not around me
You're the first thought on my list.*

ALL WITHIN REACH

Reach for the stars,
And they will shine.

Reach to give others,
And many you shall receive.

Reach for the joy,
And all will smile.

Reach to hold,
And your touch will be welcomed.

Reach for knowledge,
And you will have wisdom.

Reach for LOVE,
And you will have it all.
