

Which is the Largest Ouvrage in the Maginot Line?

There has been occasional argument over which ouvrage is the largest. Call it "Ouvrage Envy." If you visit Hackenberg, they claim to have the largest for this reason or that. Hochwald claims the same. Regardless, there is no doubt that Ouvrage Hackenberg and Ouvrage Hochwald are the two largest ouvrages. I will make a comparison below and you can be the judge:

Indicates the larger (-) Indicates a tie.
