

~Carolina Crossroads~ Part 3

So you think you have it figured out, do you? Well let me remind you that these are just units, and they can be arranged in at least a dozen ways! All you smarty-pants quilters out there, just wait and see! Part of the fun of a mystery is not knowing what will go where, and the results just might surprise you!

This is our 3rd unit. Yes....more 9 patches! I'm sorry to those who don't like doing 9 patches! If you are thinking, "Oh, it's only a 9 patch!"...you could well be mistaken!

For this step you need to make 80 of these "dark in the corners and center" 9 patches from 1.5" dark (in my case blue..in your case, you will use whatever you are putting in place of blue in my blocks) strips and neutral (background) strips.

Sew dark strips on either side of your neutral strips. Press seam allowances towards the dark, away from the center. Sub cut into 160 1.5" units. You need twice as many of these as you do the center units.

For the centers, sew neutral strips on either side of your dark strips. Press seams towards the dark (towards the center). Sub cut into 80 1.5" units.

Yes, I know...it's a lot of 9 patches! But this is the END of them...well, that is unless I decide to do more for the border, but I haven't gotten that far yet, and we all know that border treatments are OPTIONAL! :cD

No peeking forward until you have the 80 "darks in the corners" 9 patch blocks done!
When the next step is available, you will be able to click to it from here!
(If there is no link, I have not posted it yet....)

Questions or Comments? I would love to hear from you!!
