Free Hypnosis Screening

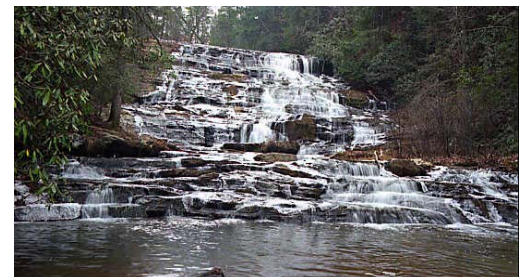

Call now and speak with a hypnotherapist, **NOT** a sales person, **NO** pressure and **NO** obligation.

We do make bold promises. We also stand by what we say. That is what makes us a cut above the rest.

In order to determine whether or not hypnosis is right for you, and also to decide if we can assist you as a client, you will need to attend a FREE HYPNOSIS SCREENING.

Our programs are customized to the individual. There are so many differences between the people we see, and the help they need, that we really need to make a personal assessment.

At your Free Screening we will answer all of your questions. There is no pressure or obligation at all. If we don't think hypnosis is right for you we will tell you so. The screening lasts about 30 minutes, and is both fun and educational. For smoking cessation only we will do the screening over the phone.

You ask me why I dwell in the green mountain;
I smile and make no reply for my heart is free of care.
As the peach-blossom flows down stream and is gone
into the unknown,
I have a world apart that is not among men.
