Rower Car Pools

The Junior Rowing Regatta Season is beginning which means rowers will need transportation to the various sites. Most JV/Varsity rowers drive and form their own car pools. Novice rowers usually need parents to drive. If you would like to be part of a car pool to and from an event return this form. We ask that rowers using car pools assist drivers with gas expenses.

Please fill out this inquiry and have novice rower return it to their coach at the start of the season. **Check off each date and # of rowers you can accommodate besides your rower.**

*For these regattas rowers will travel to Lake Natoma, in Rancho Cordova (near Sacramento) and stay overnight in nearby hotels. We will need some parents to stay at the same hotels as the rowers and help the coaches chaperone. Parents going as chaperones and as spectators stay at their own expense. For the championships racing preliminaries and finals take 2 days. Teams come from all over California. Our team will have a hospitality tent area for viewing the races and will be hosting breakfasts and lunches each day to our rowers and their families. Don't miss this exciting event!

Some hotels in Rancho Cordova used and recommended from the past:

Holiday Inn 1-800-722-4472

Sheraton 1-800-851-2400

Economy Inns 916-351-1213
