

KAAARZAAAR

media skin for the sony CLIE Audioplayer

1) Welcome

KaarZaar is a skin for the Sony CLIE AudioPlayer inspired by the p2p program, KaZaA. If you're from FastTrack, and think this is copyright infringement, we tried to contact you, but the form wouldn't work. honest.

2) Help

Installation should be pretty straightforward. If you run into a mess that you simply cannot fix, email me:

dizzynoise@mac.com

3) Like It?

If you like this skin, there are more to download! Just open the document titled "click_here.htm", and you can browse for new skins!

4) Updates!

Over time, we change things to improve the look of the skin theme! You can check for updates using the document "click_here.htm" BEFORE they get posted on Palmgear!
