

# Dirty Snowball

I threw a dirty snowball at my sis  
With a rock inside.  
I caught her before she ran to Mommy  
And had to 'splain why.

A snowball like that killed the dinosaurs  
On a greater scale  
Thousands of years ago it hit the earth  
Their bones tell the tale.

For a comet is a dirty snowball  
With a rock inside.  
I said if she was smart she'd understand  
If someone asks why

She went to Mommy and I 'splained it all  
Damn dirty snowball!  
Killing the dinos, sending me to my room  
Can't teach girls at all!
